#### BRIEF DESCRIPTION

Wheatgrass is the young, leafy growth of wheat. Since the early Twentieth century it has been used as a high-nutrition food thanks to the broad range of vitamins and minerals it provides. Wheatgrass is produced with minimal processing. Wheat is grown until the young leaves of the plant are in their most nutritionally rich and fertile phase. It is then harvested, cleaned, dried and milled into a fine powder. Our Wheatgrass is grown on the fertile Canterbury plains in New Zealand.

#### INGREDIENTS

100% Organic Wheatgrass

#### SUGGESTED USE

3-5g per day. Please consult your doctor before taking any nutrient-dense products.

#### PRODUCTION PROCESS

Harvesting young wheat grass – cutting – soaking – dehydrating – drying – milling - Sieving - packaging

#### SHELF LIFE & STORAGE

3 years from manufacture date. Store in a cool, dry place.

#### **AUTHORISED HEALTH BENEFITS BASED ON MICRONUTRIENTS**

Micronutrients in Wheatgrass Powder contribute to:

normal iron metabolism	normal cognitive function
the maintenance of normal mucous membranes	normal formation of red blood cells and haemoglobin
to the maintenance of normal skin	normal oxygen transport in the body
the maintenance of normal vision	process of cell division
the normal function of the immune system	normal cognitive development of children
the process of cell specialisation	normal function of skin
normal metabolism of vitamin A	normal function of teeth
regeneration of the reduced form of vitamin E	normal energy-yielding metabolism
protection of cells from oxidative stress	normal functioning of the nervous system
normal function of blood vessels	normal psychological function
normal function of bones	reduction of tiredness and fatigue
normal function of cartilage	increases iron absorption
normal function of gums	

*These approved health benefits are based on the detailed nutritional composition of the product we supply and in compliance with regulation (EC) No 1924/2006. These health benefits may not be applicable to similar products from other suppliers.*

#### **ALLERGEN STATEMENT**

We hereby certify that Wheatgrass powder sold by VehGro B.V. does not contain any substances causing allergies or intolerances as ingredients. The list of allergens which are likely to cause adverse reactions in susceptible individuals is provided in Annex II of Regulation (EU) No 1169/2011. Please note that this statement is based on the information provided by the manufacturer of the product.

#### **AUTHENTICITY**

Organic Wheatgrass Powder (NZ) is 100% natural and does not contain any additives such as sugars, acids, colorants, preservatives, etc.

#### **GMO FREE**

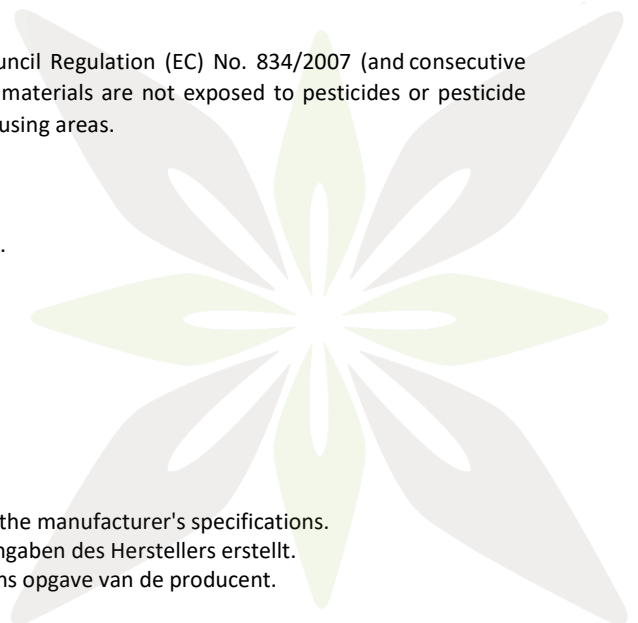

Organic Wheatgrass Powder (NZ) is not subject to genetic modifications. Process controls are in place to ensure no accidental contamination with genetically modified materials, or materials derived thereafter, can occur. We hereby certify that the product is not subject to labeling under EU Regulations 1829/2003/EC and 1830/2003/EC on genetically modified food and feed.

#### **PESTICIDES**

Organic Wheatgrass Powder (NZ) complies with the requirements outlined in Council Regulation (EC) No. 834/2007 (and consecutive amendments). During the manufacturing process the product and the packaging materials are not exposed to pesticides or pesticide residues. Pesticides are not stored on site, nor used in the manufacturing or warehousing areas.

#### **IRRADIATION**

The product has not been irradiated and complies with the EU regulation 1999/3/EC.

#### **BSE STATEMENT**

Organic Wheatgrass Powder (NZ) is produced exclusively from plant source, and does not contain any components from animal origin. It has not been derived from any animal source, and has not come into contact with any components of animal origin.

#### **RESIDUAL SOLVENTS**

No residual solvents are used in the manufacturing process.

#### **LEVEL OF UNDESIRABLE SUBSTANCES**

The strictly controlled production process of Organic Wheatgrass Powder (NZ) ensures that the undesirable substances levels (heavy metals, PAH, mycotoxins, etc.) are below the limits identified by EU legislation (Commission regulation No 2073/2005, No 1881/2006 and consecutive amendments), including the recommendations provided by EFSA on food contaminants.

#### **ANIMAL TESTING STATEMENT**

VehGro B.V. confirms that we do not conduct or commission animal testing of any products.

#### **DISCLAIMER**

The information contained herein is based on the present state of our knowledge and is intended to describe our product from the point of safety requirements. Therefore, it should not be construed as guaranteed specific properties of the product described. Our product specification may be subject to change without notice.

This is an agricultural product; therefore, some batch variation may occur in terms of colour, flavour, odour, appearance and composition based on the growing conditions and seasonal variability.

The nutritional information provided in this document is based on nutritional testing and on average, as required by regulation (EC) No 1169/2011. The information is not meant to ensure warranty of characteristics. It comes without commitment and is not valid for any claim of warranty and product liability respectively.
